6-6-05 LIES, FRAUD & STUPIDITY! AND THAT'S THE GOOD NEWS. PART 3.

No specific "Operation Lightning" news in the Sunday paper, nor in this morning's paper. What's going on---has the "Operation" ended and its end not mentioned?

It was such an embarrassment probably neither the new Iraqi government nor the occupation force wish to speak of it again.

Well, there was some news from Baghdad---two more deadly attacks by the insurgents.

Yesterday Vice President Dick Cheney came to Portland on personal business. A local news channel showed a one second helicopter shot of his six or seven car convoy on a freeway.

The significant item is that the last vehicle in the convoy was... an ambulance. Just in case, I presume, that Dick has another heart attack.

And, I presume that an ambulance is closely present at every travel stop he makes. And I also assume logically and rationally, that he has with him on board Air Force 2 a doctor, nurse, and appropriate medical equipment---just in case.

But you don't see or hear that info reported, do you?

After all, Dick Cheney has been 'mentioned' as a possible candidate for president, upcoming. And the Republican powers-that-be (and that includes Cheney!), desperate to avoid a powerful John McCain campaign, might decide to put Cheney in office by imposing a medical news blackout on his health, outspending McCain by a billion or so, and picking a really good, godly "Yes, boss!" v.p. candidate for his running mate in '08, to reassure the voters that even if Cheney does die in office an obedient 'conservative' v.p. is there in place, ready to go.

I look forward to the coming major elections with unholy anticipation.
