## PREFACE

### **WARNING, READ PREFACE COMPLETELY BEFORE USING WEAPON.**

This weapon is a precision instrument which requires proper handling and maintenance to assure the safety of the user. At the same time, it is a rugged weapon, fully tested in every conceivable environment, and if properly maintained, will give many years of satisfactory service.

Proper and safe handling is required of all weapons. This is even more important where an automatic weapon is concerned. Purchasers are presumed to be familiar and experienced with weapons, nevertheless, ensure that everyone who will handle this weapon reads and understands this preface and the manual before attempting to use the weapon.

**WARNING:** If this firearm is carelessly or improperly handled, unintentional discharge could result, and could cause injury, death, or damage to property. This manual gives basic advice on the proper handling and functioning of the American 180 weapon. Safety of the firer and others in range of the weapon depends upon mature compliance with the information given in this manual, and on the adoption and use of accepted safety practices in handling weapons. CUSTODIAN OF THE WEAPON MUST ENSURE THAT ALL WHO HANDLE IT ARE FULLY TRAINED IN ACCEPTED GUN SAFETY PROCEDURES, AND HAVE FAMILIARIZED THEMSELVES WITH THE CONTENTS OF THIS MANUAL BEFORE USE OF THE WEAPON.

## PREFACE

WARNING: READ PREFACE COMPLETELY BEFORE USING

## WEAPON

### **WARNING**

Keep hands and body free from ejection path and ejection port. Expanded cartridges exit from the weapon at a high rate and at a high temperature. Firer is advised to wear long sleeve garments when firing the weapon, and to hold the weapon by the hand grips provided. Use only high quality ammunition in this weapon. Quality of ammunition varies and "inexpensive" or poorly made ammunition can cause ammunition malfunction.

**NOTICE:** American Arms International, Inc. or any of its affiliates shall not be responsible for injury or death or damage to property resulting from either intentional or accidental discharge of this firearm, or from its function when used for purposes or subjected to treatment for which it was not designed. American Arms International, Inc. will not honor claims involving this firearm which result from carelessness or improper handling, unauthorized adjustment or parts replacement, modification of any type, corrosion, neglect, or the use of ammunition other than original high quality commercially manufactured ammunition in good condition, or any combination of the above. American Arms International, Inc. will not honor claims involving this firearm for any reason or cause when such claims are made by the second or subsequent owner.

This weapon was assembled from quality controlled components, tested and inspected by quality control personnel before leaving the factory. Please read the section of assembly/disassembly instructions before examining the weapon at time of delivery.

We congratulate you on your decision to purchase the American 180 weapon. This weapon represents the finest quality in firearms and we are proud to produce it.
