Congratulations on your purchase of the INOVA X5 LED Floodlight. Now you can experience the brilliant power and ruggedness of a police tactical floodlight and a search and rescue quality safety light all in the palm of your hand—anytime, anywhere. Whether it’s navigating the most extreme expedition to simply illuminating a campsite, the INOVA X5 LED Floodlight just may be the most rugged, versatile and most useful lighting product you will ever own.

**SWITCH OPERATION**

The INOVA X5 has a patent pending three-position operating switch cap:

1. **To engage the constant on mode**, the battery cap must be completely screwed (clockwise) into the main body tube (battery compartment).

2. **From the constant on position**, one-half revolution counter-clockwise turn will engage the momentary on. To activate the intermittent mode, depress and hold the rubber button end-cap for as long as light is required.

3. **One-half counter-clockwise turn from the momentary on will lock the switch in the constant off mode**, rendering the light inoperable and safe for travel or storage.

**BATTERY REPLACEMENT**

The INOVA X5 requires two (2) 123A lithium batteries. The red and infrared models require one (1) 123A lithium battery.

To replace batteries:

1. Remove the switch cap by completely unscrewing it counter-clockwise.

2. Insert the batteries with the positive (+) ends up, toward the switch cap.

3. Replace the switch cap and turn clockwise to secure.

**MAINTENANCE**

Once every six months clean the threads on the main body tube and inside the switch cap with a dry cloth, and apply a thin coat of silicone grease to the threads and O-ring.

*While the X5 is water resistant, it is not designed to be used as a submersible flashlight (i.e. a diving light).*

**LIMITED LIFETIME PRODUCT WARRANTY**

Emissive Energy Corp. warrants this light to be free from defects in material and workmanship for the life of the light, except in Germany, where law restricts product warranties to a maximum of ten years. If your light has a manufacturer’s defect covered by our warranty, we will repair or replace this light, at our option, without charge when it is returned to an authorized service center or to Emissive Energy Corp.

**EXCLUSIONS**

This warranty does not extend to any light damaged by alteration, misuse or battery leakage. Battery expiration and battery leakage are excluded from the warranty and are not considered to be defects in the material or workmanship of the light.

Specifically, Emissive Energy Corp. disclaims any responsibility for incidental or consequential damages. Some jurisdictions in the United States, Australia, and Canada do not allow exclusion or limitation of incidental or consequential damages and/or limitations on transferability, therefore the above limitation or exclusion may not apply to you.

In the United States, Australia, and Canada, this warranty gives you specific legal rights; and you may have other rights which vary from province to province, state to state or country to country. This warranty does not affect the statutory rights of purchasers in the European Union, Norway, Switzerland, or Germany with regard to legal warranty claims, nor in France resulting from the legal warranty against hidden defects.

**WARRANTY CLAIMS**

Send the light along with $5.00 for shipping and handling to:

Emissive Energy Corp., Service Center
135 Circuit Drive, N. Kingstown, RI 02852 U.S.A.

For your protection and to expedite handling and/or postal claims we recommend that all returns be insured and sent Certified or Registered Mail. Return Receipt Requested. Postage due and freight collect items will not be accepted.

**WARNING**

**CHOKING HAZARD** — small parts. Not for children under 3 years old.

Keep lithium batteries out of reach of children. Should a battery be swallowed, immediately contact emergency health provider.

**BATTERY INSTALLATION AND DISPOSAL SHOULD BE HANDLED BY ADULT in accordance with battery manufacturer’s instructions.**

Customers are responsible for use, disposal and compliance with governmental regulations.

**PATENTS**

Manufactured under United States and international patent numbers, US: 6,709,129; D479,013; D468,851; D473,961; D476,103; D475,798; D468,464; D463,593; D434,164; D455,510; D455,513; UK: 3007640; 2095440; 2099654; DE: 4 00 08 283.7; 4 01 02 139.4.

Other US and international utility and design patents are pending.

Made in USA with US and imported components. The distinctive shapes, styles, packaging, configurations and overall appearances of all INOVA flashlights and lighting products are trademarks of EMISSIVE ENERGY CORP. The unique bulb configurations, body, and barrel shapes inherently identify them as members of the quality family of INOVA brand products.
INOVA X1® LED SPOTLIGHT
Like the X5, the X1 is a synthesis of design vision, stringent engineering standards and world-class LED technology, but in a sleek barrel shape just 3.9” long by .72” in diameter. This compact tool fits easily in pockets, briefcases, toolboxes and the like, so you can always have light at hand.

INOVA 24/7® LED SMARTBRIGHT™
It’s eight lights in one, a command center of 3 steady lights, 4 signal-pattern lights, and finder mode. Now, selecting and positioning the right light for the situation is just a turn of the dial. Engineered and built the INOVA way, the 24/7 projects light up to 75’, offers two-mile signal visibility and operates up to 15,000 hours in finder mode.
