

SYNTHS

PHOTON 25

USB/MIDI Keyboard Controller

- _Forty immediately accessible controls
- _Twelve knobs with three active layers
- _25-key, velocity-sensitive keyboard
- _Great-feeling, super-high-resolution knobs
- _X/Y Joystick to control Pitch Bend/Modulation or other parameters
- _4-Character LED display
- _Easy template placement for virtual instruments and digital audio workstations
- _Twenty editable, storable configurations
- _Three-way power: USB Bus Power, External Adapter (Optional), Or 4 "C"-Size Batteries (Optional)
- _Windows XP and Mac OS X ready

PHOTON X25

USB/MIDI Keyboard Controller with Audio

- _Revolutionary XYZ Controller Dome with 3D control over audio effects and virtual instruments
- _Complete MIDI control with ten 360° endless knobs, ten buttons, and three active layers for over sixty immediately accessible controls
- _24-Bit, 44.1/48 kHz Audio with balanced, stereo audio inputs and outputs
- _25-key, velocity-sensitive keyboard and great-feeling, full-size Pitch and Modulation wheels
- _LCD screen with dedicated encoder for fast and easy setup
- _Easy template placement for instruments and DAWs
- _20 editable, storable configurations
- _Three-way power: USB Bus Power, External Adapter (Optional), Or 4 "C"-Size Batteries (Optional)
- _Windows XP and Mac OS X Ready

Sumo 100

100 Watt Keyboard Amplifier with Built-in DSP

- _Amplifier for electronic pianos, synthesizers and PA applications
- _Full-range, dual-speaker system. Brilliant highs. Clean, solid bass
- _XLR microphone input to mix in vocals/instruments
- _Built-in Stereo Effects including Flange, Chorus, Delay, Reverbs and Rotary
- _Stereo Headphone jack that disables input when plugged in
- _ "Stereo Link" function to use a second amp as for stereo stage application
- _Master 3-band equalization section
- _Built-in sturdy wheels and handles for quick and easy transport

Sumo 300 (pictured)

300 Watt Keyboard Amplifier Built-in DSP

- _Amplifier for electronic pianos, synthesizers and PA applications
- _Full-range, dual-speaker system. Brilliant highs. Clean, solid bass
- _XLR microphone input to mix in vocals/instruments
- _Built-in Stereo Effects including Flange, Chorus, Delay, Reverbs and Rotary
- _Stereo Headphone jack that disables input when plugged in
- _ "Stereo Link" function to use a second amp as for stereo stage application
- _Master 3-band equalization section
- _Built-in sturdy wheels and handles for quick and easy transport

RECORDING

CD TWIN

Stand-Alone CD Duplicator

- _Smart "One-Touch" CD-to-CD Backup
- _Easy to use interface also allows you to make a custom music CD using your favorite songs
- _USB 2.0 Connection allows the CD-Twin to also operate as an external CDRW drive
- _Built-in headphone and line-level outputs allows the CD-Twin to work as a stand-alone music CD player
- _Integrated LCD control panel makes it easy to perform track-by-track or whole-disc copying
- _Designed to archive music, data, photo, and CD+G compact discs
- _Includes Nero backup software for your Windows PC

SOUND REINFORCEMENT

GIGAMix 4CD

Powered Mixer with Built-in CD Player

- _6 input channels
- _Four high-gain mic/line (XLR and 1/4" balanced) inputs with phantom power
- _Two line input channels with dual, balanced 1/4" inputs
- _28-bit onboard effects
- _100 onboard preset effects
- _Faster setup and greater portability
- _3-band EQ on every channel
- _Master 9-band graphic EQ
- _Built-in CD player
- _Independent Main and Monitor volume controls
- _200 watts @ 4ohms

GUITAR TOOLS

XGUITAR

Electric Guitar with Built-in DSP

Perfect for stage, studio or practice, the new X Guitar by Alesis harnesses the power of hundreds of pedals for the guitarist seeking that special sound. The X Guitar is a full-scale electric guitar that features 80 editable guitar presets in one professional package, including headphone and line outputs. All of the presets can be user-configured using the 9 effect modules and 8 different signal routing possibilities.

- _80 Programs, each a factory preset that can be edited by the user or restored to factory default
- _9 effects modules, each with multiple selectable effects, over 40 different effect types
- _8 different signal routing options for re-ordering effect modules
- 28-bit high-quality effects including reverbs, delays, chorus and flanging, amp emulation and transposition
- _Master volume and two tone controls
- _Simple up/down toggle switch to facilitate program changes on-the-fly
- _Built-in auto-chromatic tuner
- _1 dual humbucker and 2 single stack humbucker pickups
- _Expression pedal input for volume, wah-wah and control over effect parameters
- _30 hours of operation (on 4 AA batteries)
- _Stereo/headphone output on 1/4" TRS connector

PLAYMATE GUITARIST

Guitar Effects Processor and CD Player

- _Full-range guitar effects processor with 80 editable multi-effects
- _Play guitar along with your CDs, in any key, at any tempo
- _Built-in CD player with independent control over key, pitch, and tempo
- _Transpose music +/- 7 semitones, or half-steps
- _Fine-adjust pitch +/- 8% to tune music to your guitar
- _Adjust tempo from 50% to 150%
- _Hi-Z 1/4" guitar input
- _1/4" stereo direct input (bypasses effects processing)
- _1/4" stereo line output
- _Two 1/4" headphone outputs
- _Guitar/CD balance control
- _Easy looping of song sections
- _Compatible with CD, CDR discs. No external adapter needed
- _Internal power supply

GUITAR/BASS AMPLIFIERS

COOLFIRE 15

Acoustic Guitar Amplifier
Built-in DSP

- _15 watts of power with an 8" woofer plus a 1" tweeter for a detailed, full-range acoustic sound
- _Amp, speaker, and effects are tailored to acoustic instruments
- _ "True-Stereo" processing with headphones or the Stereo Link output
- _Over 20 effect types including guitar models, 12-string simulation, delay, reverb, and compression
- _RCA inputs to connect a CD or MP3 player or a drum machine
- _Over 80 presets that can be edited stored and recalled
- _Built-in auto-chromatic tuner

ROADFIRE 15

Battery Operated Portable Guitar Amplifier with Built-in DSP

- _Powerful 15-watt guitar amplifier with 8" speaker
- _Rugged, modern style Case
- _ "True-Stereo" processing with headphones or the Stereo Link output
- _Built-in guitar effect processing: Distortion, Modeling, Compression, Chorus, Flanger, Phaser, Wah, Delay, Reverb, and much more
- _Over 80 presets that can be edited stored and recalled
- _RCA inputs to connect a CD or MP3 player or a drum machine
- _Built-in auto-chromatic tuner

BASSFIRE 60

Bass Amplifier Built-in DSP

- _Powerful 60 Watts RMS with a 12" Speaker for a Clean, Robust Tone
- _80 Built-in editable presets including True-Stereo Effects, Amp Modeling, Chorus, Compression, Flanging, Wah, Phaser, Reverb, Delay, and more
- _Auto-sensing chromatic tuner
- _Bass, Treble, and Drive knobs
- _Headphone output
- _RCA inputs to connect a CD or MP3 player or a drum machine
- _ "Stereo Link" output
- _Expression and Footswitch inputs

WildFire Guitar Amplifiers

The WildFire series is perfect for guitarists looking for a portable, flexible, great-sounding amplifier with built-in FX for stage, practice and recording. Powered by Alesis GuitarFX DSP, WildFire amps are capable of almost any guitar sound you can dream up.

On stage, two WildFire amplifiers can be linked in stereo. With RCA inputs for a CD/MP3 players and headphone output, WildFire amps excel as practice tools, and their extensive range of tonalities makes them great for recording.

WildFire 15 Guitar Amp

- _15-watt RMS digital guitar amplifier with 8" speaker
- _Uses GuitarFX technology
- _80 programs that can be fully edited or restored to factory default
- _9 effects modules, each with multiple selectable effects
- _Over 40 different effects, allowing for innumerable effects combinations
- _Built-in auto-chromatic tuner
- _Expression pedal input for line effects parameter control
- _Stereo link
- _Stereo RCA line inputs

WildFire 30 Guitar Amp

- _30-watt RMS digital guitar amplifier with 10" speaker
- _Uses GuitarFX technology
- _Separate drive control for quick tone manipulation
- _80 programs that can be fully edited or restored to factory default
- _9 effects modules, each with multiple selectable effects
- _Over 40 different effects, allowing for innumerable effects combinations
- _Built-in auto-chromatic tuner
- _Expression pedal input for line effects parameter control
- _Stereo link
- _Stereo RCA line inputs

WildFire 60 Guitar Amp

- _60-watt RMS digital guitar amplifier with 12" speaker
- _Uses GuitarFX technology
- _Separate drive, bass, and treble controls for quick tone manipulation
- _80 programs that can be fully edited or restored to factory default
- _9 effects modules, each with multiple selectable effects
- _Over 40 different effects, allowing for innumerable effects combinations
- _Built-in auto-chromatic tuner
- _Expression pedal input for line effects parameter control
- _Stereo link
- _Stereo RCA line inputs

Mixers

MULTIMIX MIXERS

with USB Audio

The MultiMix line offers a choice of input configurations. Studio-quality components and effects processing combine with rock-solid construction. The MultiMix mixers also have USB audio, which allows direct computer audio interfacing for 16-bit simultaneous stereo input and output using standard recording software.

MULTIMix 8USB

- _4 high-gain mic/line (XLR and 1/4" balanced) inputs with phantom power, 2 stereo balanced 1/4" line inputs, aux send (can send to onboard or external effects), stereo aux return
- _100 28-bit onboard preset effects including reverbs, delays, chorus, flanging, pitch, and multieffects
- _3-band EQ per channel with high/ low shelving and mid bandpass/reject
- _Separate 1/4" balanced main and monitor outs, headphone out
- _Integrated 16-bit stereo USB Port to transfer audio directly between the Multimix USB mixer and your computer
- _No drivers required
- _Integrated USB audio interface, Plug and Play operation under Mac OSX and Windows

MULTIMix 12USB

- _4 high-gain mic/line (XLR and 1/4" balanced) inputs with phantom power, 2 stereo balanced 1/4" line inputs, aux send (can send to onboard or external effects), stereo aux return
- _100 28-bit onboard preset effects including reverbs, delays, chorus, flanging, pitch, and multieffects
- _3-band EQ per channel with high/ low shelving and mid bandpass/reject
- _Separate 1/4" balanced main and monitor outs, headphone out
- _Smooth 60mm faders
- _Integrated 16-bit stereo USB Port to transfer audio directly between the Multimix USB mixer and your computer
- _No drivers required
- _Integrated USB audio interface, Plug and Play operation under Mac OSX and Windows

MULTIMix 16USB

- _8 high-gain mic/line (XLR and 1/4" balanced) inputs with phantom power, 2 stereo balanced 1/4" line inputs, aux send (can send to onboard or external effects), stereo aux return
- _100 28-bit onboard preset effects including reverbs, delays, chorus, flanging, pitch, and multieffects
- _3-band EQ per channel with high/ low shelving and mid bandpass/reject
- _Separate 1/4" balanced main and monitor outs, headphone out
- _Smooth 60mm faders
- _Integrated 16-bit stereo USB Port to transfer audio directly between the Multimix USB mixer and your computer
- _No drivers required
- _Integrated USB audio interface, Plug and Play operation under Mac OSX and Windows

PLAYPACK PlayMate Vocalist Accessory Package

This portable music package is all that the aspiring or professional requires to sing like a star. Everything is included in the attractive PlayPack package to sing "on the go".

- _PlayMate Vocalist vocal reducer and microphone processor
- _High quality dynamic vocal microphone
- _Heavy duty 25' XLR microphone cable
- _Pair of professional high output sealed headphones
- _Rugged portable "PlayPack" mobile case
