

ALESIS

SR-16 Product Overview

Product Description

As one of the most popular drum machines ever made, the SR-16™ has been used by everyone from songwriters to live performers to remix engineers as their drum machine of choice. The reason is simple: it features a great selection of 233 realistic, natural drum sounds, offered both in dry form and sampled with our incomparable digital reverbs. Our exclusive Dynamic Articulation™ feature enables a drum sound to change its tonal content as it's played harder for truly realistic performances. The SR-16 features 50 preset patterns that were actually played in by top studio drummers, not just programmed and quantized. You'll find enough built-in rhythmic variations (with A, B and two Fill sections) for composing complete arrangements, and you can create and save your own customized patterns and songs. Plus, the SR-16 also provides complete MIDI implementation, a footswitch input, flexible programming and editing features and velocity-sensitive pad buttons. Plus, it's so easy to use that you'll be up-and-running and composing new music in minutes. Whether you need a songwriting partner or an accompanist for live performance, turn to the all-time world standard in drum machines: the SR-16.

Specifications

Audio Outputs:

4 (2 stereo pairs)

Pads:

12 velocity sensitive (w/Dynamic Articulation™)

Sample/DAC Bit Resolution:

16/18

Sounds:

233

Polyphony:

16 voice

Panning:

7-position user programmable

Velocity Response:

8 loudness levels via pads, 127 via MIDI

Timing Resolution:

96 ppq

Time Signature Range:

1-128 beats per pattern

Tempo Range:

20-255 bpm

Notes/Patterns/Songs:

12,000/400 (200 user, 200 preset)/100

Kits:

50 user, 50 preset

MIDI Program Change Response:

Kit

Sync:

MIDI Clock/Song Position Pointer

Footswitch Jacks/Functions:

2; start/stop, count/A/B/fill

Other Features:

Sound stacking, step editing, stereo samples with reverb and ambience

Dynamic Articulation:

Modulates tone

Power:

9 VAC External Transformer, UL and CSA Approved

Dimensions:

(WxHxD) 9.25"x1.5"x6.5"

Weight:

2.5 lbs
