

MultiMix USB 2.0 Mixers

HIGH RESOLUTION MIXERS WITH USB 2.0 AUDIO INTERFACE

Available in 8-channel and 16-channel configurations, these compact tabletop mixers provide USB 2.0 technology for ultra-fast, low-latency, 24-bit/44.1–96kHz (with high-end A/D and D/A conversion) multi-channel audio recording straight to your computer. Designed with low-noise analog electronics, each mixer lets users take advantage of 100 studio-grade 28-bit digital effects. Whether used for mobile or studio recording, MultiMix USB 2.0 Series Mixers make recording high-quality audio to your computer fast and easy. Bundled with award-winning Cubase LE software for optimal results.
