

ELiTE™ Pro Panels Product Brief

Marketing Tools for Auralex Manufacturer's Reps

ELiTE™ Pro Panels Series

Engineered Listening and Theater Environment Acoustical Panels

PRODUCT DESCRIPTION:

Three levels of decorative, fabric-wrapped absorptive panels that meet Class A Fire Rating per ASTM-E84.

Benefits:

- Absorbs slap and flutter echo to provide a more pleasing and accurate listening environment
- Class A fire rating to satisfy the most demanding code requirements
- Wide variety of finishes, styles and colors provide a multitude of decorative options
- Cost-effective acoustical alternative when stretched fabric systems are not required
- Chemically hardened edges for better appearance and durability
- Can be used in a wide variety of applications and facilities

Applications:

- Houses of Worship
- Schools, Gymnasiums, Theaters
- Home Cinema/Home Theaters
- Board Rooms/Teleconference Facilities
- Training Centers
- Recording Studios/Rehearsal Halls
- A myriad of other Commercial facilities

Installation:

- By contractors and professional installers
- Attachment with clips provided and/or construction adhesives
