FEATURES AND BENEFITS

- The FP75 I offers a 400:1 contrast ratio that produces true blacks and vivid colors for greater control over color output.
- A 250 nits LCD panel for more than enough brightness to view in the sunniest rooms in your office or home.
- .26 pixel pitch means razor sharp images for high quality work and greater productivity.
- USB port for convenient connection for your external peripherals like keyboards, mice or web cam for easy of use.
- The built-in integrated stereo speakers provide you with crystal clear music to enhance your computer experience.

The BenQ FP75 I delivers high contrast; photo realistic images with unrivaled clarity and vivid color reproduction. The FP75 I boasts a high contrast ratio of 400:1 and .26 pixel pitch delivering outstanding image clarity and color output. The FP75 I provides best-of-class functionality and compatibility in an LCD that will not only soothe your eyes, but will inspire your thoughts. Perfect for corporate executives, multimedia pro or home office where nothing but the best will do.
