FMR-10 High Band		Use Replacement Transmitters 71885R HTUR-N7 Replacement Band 71887R BPU-R Replacement Band

NOTES

- 1) The user will be giving up the Quiet On/Off (Mute) feature. It is recommended that the Power Lock feature be used to prevent loud turn offs.
- 2) The Standard B Band Transmitters can be returned to the RE2/FMR-500 operating mode and are then compatible with RE-2 B band receivers.
