

N/DYM[®] Wireless Microphones – BodyPack

PROFESSIONAL

A U D I O

P R O D U C T S

The N/DYM UHF wireless series is a superior choice when you want professional features at an affordable price. All N/DYM wireless products lead the way with the latest in wireless technology and the best in sound quality and reliability.

All N/DYM Wireless systems feature...

- **UHF operation for professional quality performance**
- **10 channel frequency agility with Clearscan Auto Channel Select which automatically scans and selects a clear channel for system set-up and interference free operation**
- **SecurePhase diversity for clear, drop-out free sound**
- **Rugged metal receiver housing**

N/DYM Wireless is offered in four different BodyPack transmitter versions:

- **NRU-L10 system comes with the OLM-10 omnidirectional lavalier microphone**
- **NRU-L20 system comes with the ULM-20 unidirectional lavalier microphone**
- **NRU-H1 system comes with the HM-2 headworn mic**
- **NGU system is made specially for guitars, and ships with a hardwired ¼ inch plug**
