

Eliminator[®] Monitor with Amplifier

PROFESSIONAL

A U D I O

P R O D U C T S

The Eliminator[®] system provides outstanding sonic quality by matching system components to assure maximum performance. A beefed-up woofer and low-pass filter result in a power handling rating of 350 watts continuous. Traditional EV sound is assured by incorporating RMD[™] (Ring Mode Decoupling) within the system.

- **Matched system provides maximum performance from the individual components.**
- **Eliminator[®] top woofer features a flat wire voice coil for noticeable improvement in output and transient response.**
- **RMD[™] (Ring-Mode Decoupling) technology provides crystal clear highs, detailed mids and thundering lows with exceptional vocal clarity and intelligibility.**
- **Eliminator[®] Amplifier incorporates state-of-the-art limiters to assure system protection.**
