

Flying Hardware

Necessary hardware:

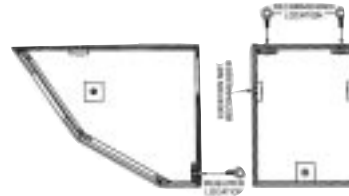

EP 920/925/950

EBK-2 (Eyebolt-Kit)

EVI 12/15/28

EBK-1 (Eyebolt-Kit)

EVID 12.1

1 Eyebolt is included.

Note: One 3/8"-16-thread forged steel eyebolt is included. A second is necessary!

FRi 122/152/181

4 Eyebolts comes with each system

FRX Systems

(except FRX 122)

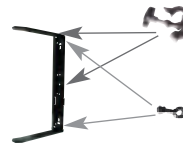

See Xi-Series™ (Xi-DSK)

Sx 80

MB 80 UMH

+ Eyebolt
or TC-02 Trussclamp

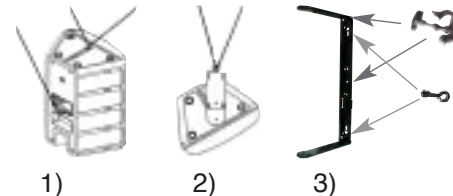

Security advice:
Do not screw eyebolts direct into M6 thread!

Sx 100/300/325

Sb 121

- 1) MB 100
- 2) MB 100 + MB 200
- 3) MB 200 UMH + TC-02 or eyebolt

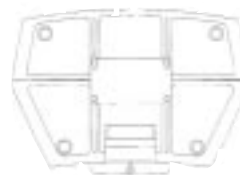

Security advice:
When flown by 90° (figure 2) don't use eyebolts only!

Sx 500 +

MB 700 - Kit contains:

- 3 lifting eyebolts
- 1 mounting plate
- 1 pull-up mounting plate

Security advice:
Do not screw MB 100 direct into M8 thread!

Rx Series

(Except Rx 118 S and Rx 215 S)

Rx Rigging Kit contains:

- 2 Tracks
- 2 Double studs
- 1 Single stud
- 1 Single stud plate

Rx 112 horizontal and vertical
Rx 115 horizontal and vertical
Rx 212 vertical only
Rx 218 vertical only

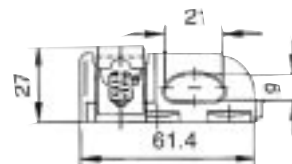

Xi-Series™

(Except Xi-1082)

Xi -DSK (Double stud kit):

Set = 4 pieces

Load capacity: 22.3 KN any direction
Material: Malleable cast iron zinc plated

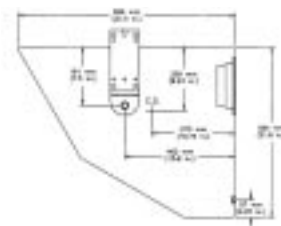

Note: All flying hardware comes with a detailed instruction leaflet.

Mounting hardware

EVI-12 Ceiling mount

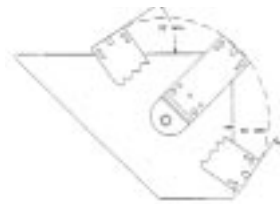

EVI-12MBB black
EVI-12MBW white

EVI-15 Ceiling mount

EVI-15MBB black
EVI-15MBW white

EVI-28 Wall or ceiling mount

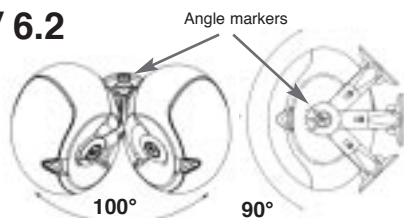

The radius of action is 140°.

EVI-28MBB black
EVI-28MBW white

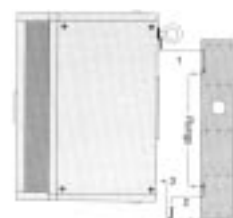

EVID 3.2 / 4.2 / 6.2

SAM™ comes with each EVID™ system and includes a hex-key-tool. SAM™ has angle markers to make installation easier.

EVID 12.1

Bracket passed EIA 636 at a safety factor of 8:1. The Bracket for on-wall or corner mounting and a safety eyebolt comes with EVID 12.1.

S-40

Wall, ceiling or stand mount

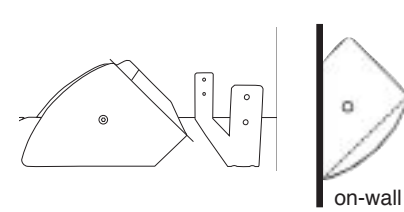

Note: The thread diameter can be reduced with a standard 5/8-inch screw adapter for different mic stand types.

S-40 MB/B: black
S-40 MB/W: white

FRI-2082

Under balcony or on-wall mount

The 100° x 100° dispersion angle allows one to install FRI-2082 vertically on the wall as well. Mounting bracket comes with FRI-2082.

Xi- 1082

Under balcony or on-wall mount

MB-1082: black

Sx 80

Wall or ceiling mount

Sx 80 MBB black
Sx 80 MBW white

For cost effective installation.

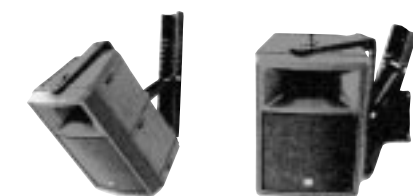

Stand mount

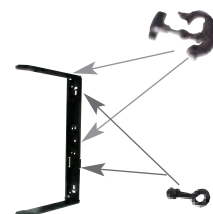

Sx 80 SM black

For speakers stands with 35 mm diameter.

Unique Mounting Hardware (UMH)

MB 80 UMH + TMA MB 80 UMH + TMA + RMA

MB 80 UMH: U-bracket fits on Sx 80
RMA (112807): Rotatable mounting kit
TMA (112815): Tilt mount kit (5-45°)
TC-02 (112808): Truss clamp for trusses with 43-50 mm diameter

UMH is available in black only!

Available in Europe only!!!

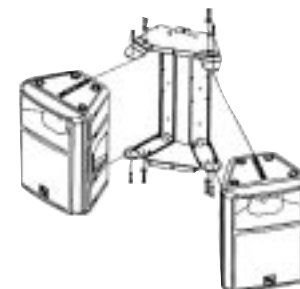

Note: All mounting hardware comes with a detailed instruction leaflet.

Sx 100 / Sx 300 / Sx 325 / Sb 121

Horizontal Cluster 120° (2 systems)

2 x MB 200 + 1 x MB 300 necessary

Horizontal Cluster 180° (3 systems)

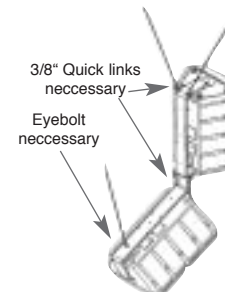

3 x MB 200 + 2 x MB 300 necessary

Wall or ceiling-mount

1 x MB 200 necessary

Vertical Cluster

2 x MB 200 necessary

Unique mounting hardware

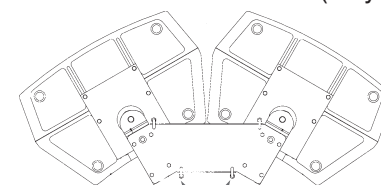

Same possibilities like MB 80 UMH shown on page 44 below!

MB 200 UMH is combinable with unique RMA, TMA and TC-02. Also to „standard“ Array-Kit MB 300 B.

MB 200 UMH shown with TC-02 and eyebolt.

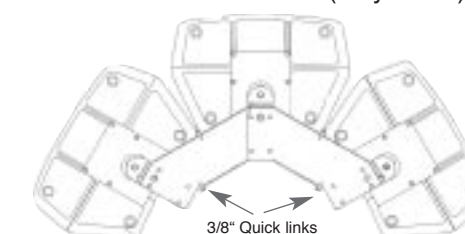

Sx 500 +

Horizontal Cluster 140° (2 systems)

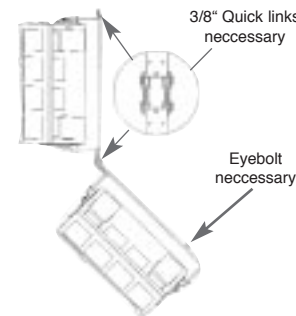

2 x MB 500 + 1 x MB 600 necessary

Horizontal Cluster 210° (3 systems)

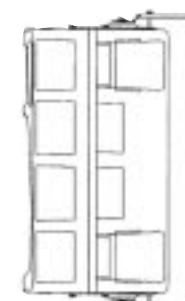

3 x MB 500 + 2 x MB 600 necessary

Vertical Cluster

2 x MB 500 necessary

Wall-mount

1 x MB 500 necessary

Sx-Series™ hardware-overview:

Sx 80	Sx 80 SM	Stand mount	black
	Sx 80 MBB	U-bracket	black
	Sx 80 MBW	U-bracket	white
	MB 80 UMH*	Unique U-bracket	black
Sx 100	MB 200 B	U-bracket	black
Sx 300	MB 200 UMH*	Unique U-bracket	black
Sx 325	MB 200 W	U-bracket	white
Sb 121	MB 300 B	Array-kit (2 plates)	black
	MB 300 W	Array-kit (2 plates)	white
Sx 500 +	MB 500	U-bracket	black
	MB 600	Array-kit	black

... * UMH-brackets fit on RMA, TMA, TC-02.

Note: All mounting hardware comes with a detailed instruction leaflet.
