

i rock.

introducing Electro-Voice® Eliminator i™
Enhanced Bass Response Speaker System

incredible sound from an amp / subs / speaker system designed to play together.

innovative processor in the Eliminator i™ amp—tuned to the i speakers—
delivers every note with clean, extended bass response.

internal crossover in the subs keeps setup simple.

industrial-tough cabinet construction for bands on the go.

impressive vocal range and clarity.

in-your-guts bass response.

Indulge yourself.
