

We are at the beginning,
taking the stage,
we are **now**
in front of the crowd,

we are the future
of wireless technology.

Introducing the new FMR-1000 from Telex — setting a new standard in wireless technologies. A UHF wireless system with programmability across a 24 MHz operating bandwidth, there are 950 possible channels. Within seconds, Advanced ClearScan™ finds the clearest channels in the clearest groups. The all new rugged transmitters have unique features found nowhere else. From the innovative FMR-10 ten channel system to the new state-of-the-art FMR-1000 with ClearScan,™ Telex brings simplicity to agility... the future of wireless microphones.

Whatever you need, Telex has the sound solution to help you get heard... without wires. Call 1-800-667-3968 or visit our website at www.ElectroVoice.com/Telex-Wireless.

We are your wireless microphone system company.
