

Versatile, concert-quality sound takes center stage.

QRx™ Loudspeakers *and Precision Series Modular Amplifiers*

In any performance space, nothing matters more than the quality of the sound. Electro-Voice® QRx™ loudspeakers and Precision Series™ modular amplifiers deliver the clarity, fidelity, and power you'd expect from Electro-Voice concert systems. With four full-range speakers and two powerful subwoofers, the QRx family fills a wide range of applications,

**Step Up To
ElectroVoice®**

from small clubs, to soaring concert halls. Like all other Electro-Voice products, QRx loudspeakers and Precision Series modular amps give artists and engineers the assurance that their best performances will always come through, front and center.
