

Presenting..

FRX-640/FRX-940

Imagine a real tool for fixed installation. Now imagine that it's unique and affordable. Imagine no more!! At a Pro User Net Price of \$1,665.00, the new FRX-640 and FRX-940 deliver **EV's exclusive Ring-Mode Decoupling (RMD™)**, which eliminates mechanical and acoustical resonances and lets you get out of the system what you put in: pure sound. With its **large vented bass horn**, no other system on the market today gives you **rated control to 500 Hz** in such a compact package. The FRX-640 and FRX-940 also sport our **proven coaxial point-source technology** to enhance speech intelligibility and musical definition. Couple that with a variety of available coverage patterns, **passive or biamp operation**, compact **factory-rigged enclosure** and your **choice of enclosure finishes**, and you've got **real solutions** for many applications requiring the best possible sound in a great looking package and at a very affordable price.

Selected Specifications

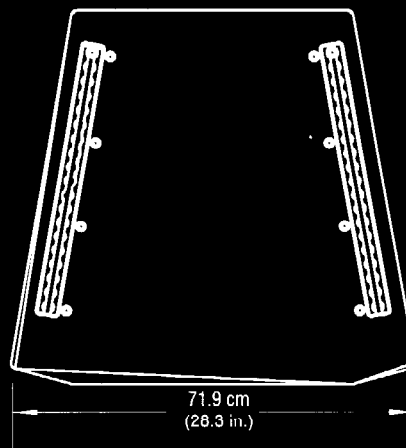

System Type:	Coaxial 15-inch two-way with vented LF horn
Power Handling:	400 watts (ANSI/EIA RS-426-A)
Sensitivity:	101 dB for 1 W @ 1 m
Maximum SPL:	124 dB @ 1 m
