Sx80 Portable and Install Loudspeaker System

What It Is

- ▶ If you need a **compact, two-way loudspeaker system** with real, pro-audio-level drivers and components and high power handling, the Sx80 is your ticket!

Who's Interested?

- ▶ **A/V Houses, Commercial Sound Contractors, Pro Sound Contractors.** Sx80s have been primarily going to the distributed sound market, but they're great for compact portable applications too! DJ magazines have featured them for having a big sound in a compact package.

Key Selling Point

- ▶ Looking for a **great-sounding loudspeaker**? Check out the Sx80. Bigger is not necessarily better!

No-Bull Benefits

- ▶ Unbeatable combination of **sound quality, output, flexibility, and compact size.**
- ▶ Unlike most small speakers, the Sx80 features a **real compression driver!**
- ▶ RMD™ means **clean, accurate reproduction** of voice and instruments.
- ▶ **Ideal for demanding applications:** Stadiums, civic arenas, churches, or portable

Frequently Asked Questions

- ▶ **Q:** "They look small. How do they perform?" **A:** Don't be fooled! With an 8-inch woofer, 1.25-inch compression driver and 175-watt output capability, the Sx80 beats any competitor pound for pound.
- ▶ **Q:** "It looks like a portable box. Is it usable for install?" **A:** The tremendous sound and mounting flexibility of the Sx80 have made it a leading choice

of consultants and engineers.

- ▶ **Q:** "My needs change by job. What variations of the Sx80 are available?" **A:** You can order them with transformers and/or weather resistant, and in black and white.

Competition

- ▶ **JBL Control, Control AV, Bose, TOA, Peavey, Tannoy.** But you'll want to avoid nasty mid-range and low intelligibility. Remember, for best performance you need what we offer: real drivers and components!

Use With These Fine EV Products

- ▶ Sx80SMs on 100BK stands and Sb121s, fed by the ACONE audio controller.
- ▶ Q44/Force and CPS1 amps at about 1/2 power.
- ▶ Sx80MBB and MBW, with wall or ceiling brackets in black or white.
- ▶ PSX600 powered mixer.
- ▶ M-Series mixers.
