Dear Potential Midas Customers:

SUBJECT: Midas Heritage CD-ROM information

Enclosed with this note is a CD-ROM that contains detailed information on a new line of MIDAS consoles that have just been released.

There is information for three separate models on this CD. Each has a different set of features and each hits a different price point.

Because each model is being released in succession, you will need to enter a password to access the information for each model, as they become available. So far two of the three models have been released. They are the H3000 and the H2000.

The password for the Heritage 3000 is AMEDEO.
The password for the Heritage 2000 is VOLCANO.
The password for the Heritage 1000 is _____.
These passwords must be entered in capital letters.

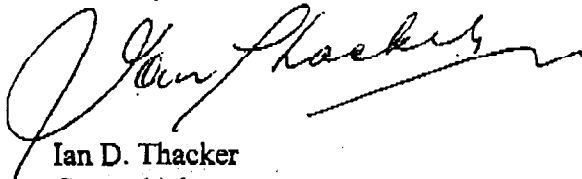

Please take the time to review the information. We think you will find that the new series of consoles are very versatile. We tried to improve on the design and incorporate many of the features that top sound engineers are asking for.

If you have any questions or if you require more information, please don't hesitate to contact me at the numbers listed below.

Toll Free Tel. (800)695-1010 Toll Free Fax. (877)695-0470
Email: thackers@email.msn.com

Thank you for your time, we look forward to hearing from you soon.

Sincerely,

Ian D. Thacker
General Manager
