Table ⬤

Podium 1

The Converge Pro series of next-generation professional audio conferencing products delivers a new level of unrivaled performance, flexibility, and manageability. These products build on the heritage of the worldwide market-leading XAP family.

Converge Pro 880

- I/O Structure like XAP 800
  - » 8 Mic / Line Inputs
  - » 4 Line Inputs
  - » 12 Line Outputs

Converge Pro 840T

- I/O Structure like XAP 400
  - » 4 Mic / Line Inputs
  - » 4 Line Inputs
  - » 8 Line Outputs
  - » Integrated Telephone Hybrid
  - » Integrated Amplifier

Converge Pro 8i

- Input only expansion unit
  - » 8 Mic/Line Inputs
  - » 4 Line Inputs

Converge Pro TH20

- Improved telephone hybrid feature set
- Increased I/O capabilities
- 2 Line Inputs
- 2 Line Outputs

Tabletop Controller

- Simple, intuitive operation
- Affordable
- Room control flexibility
- Attractive, functional design

Converge Console
Configuration Software

- Simplified and improved object oriented programming
- AV device and objects database
- Event scheduling capabilities
- Expanded macro capabilities
- Conversion utility for G-Ware site files

Podium 2

The XAP family delivers market-leading audio processing performance for large scale, installed audio systems. The PSR1212 provides microphone mixing and routing, and is the ideal solution for sound reinforcement and room combining applications in a wide variety of venues.

XAP 800
- 8 Mic / Line inputs
- 4 Line inputs
- 12 Line outputs

XAP 400
- 4 Mic / Line inputs
- 4 Line inputs
- 8 Line outputs
- Integrated telephone hybrid
- Integrated amplifier

XAP TH2
- Advanced telephone hybrid feature set

XAP Net
- Remote system management
- Access flexibility

PSR1212
- 8 Mic / Line inputs
- 4 Line inputs
- 12 Line outputs

Tabletop Controller
- Simple, intuitive operation
- Affordable
- Room control flexibility
- Attractive, functional design

G-Ware
Configuration Software
- Simplified setup
- Customize all input, output and processing parameters
- Establish presets and macros to make instant configuration changes for a variety of room scenarios

Control Panels
- Convenient, affordable remote controls for PSR1212 and XAP
- Volume and select versions available

Podium 3

The Converge Pro series of next-generation professional audio conferencing products delivers a new level of unrivaled performance, flexibility, and manageability. These products build on the heritage of the worldwide market-leading XAP family.

Converge Pro 880

- I/O Structure like XAP 800

Converge Console
Configuration Software

- Simplified and improved object oriented programming
- AV device and objects database
- Event scheduling capabilities
- Expanded macro capabilities
- Conversion utility for G-Ware site files

Podium 4

RAV (pronounced "rave") is a revolutionary audio conferencing system that features sophisticated audio technologies found in ClearOne's industry-leading professional product line, and is as easy to set up and use as our tabletop conference phones. RAV easily interfaces with any web and video conferencing system.

RAV 900

- Superior audio performance
- Rich media ready
- Ease of use and installation
- Flexibility
- Remote system management

RAV Ware
Configuration software

- Simple drag and drop interface
- AV object database

Podium 5

With MAXAttach™ IP and MAX™ IP, enterprises with SIP-based VoIP systems can now enjoy outstanding audio clarity and superior room coverage with added features, at a price point well below the competition.

The MAXAttach™ IP and MAX™ IP offer a unique ability, unmatched by competitive products, that allows customers to daisy-chain multiple conference phones together, up to a total of four. This provides multiple speakers, multiple microphones, and multiple dial pads distributed throughout the room for unrivaled coverage. Also, the phones included with the MAXAttach IP can be split up and used in separate rooms with the addition of an extra base unit, which results in an even lower cost per phone.

MAXAttach IP

- Superior audio performance
- Expandability
    - » MAX IP
    - » MAXAttach IP
    - » MAX IP expansion kit
    - » MAX IP expansion base
- SIP feature set – connect to a wide variety of SIP platforms
    - » PBX Systems - interoperable with Avaya, Cisco, Nortel, Inter-Tel, Asterisk & many others
    - » Media Gateways
    - » Softphones
    - » Handsets and Conference Phones
    - » Proxies
- Ease of use & control

Podium 6

Converge 590 delivers exceptional audio conferencing quality at a value price point. Innovative microphone distribution boxes, plus the ability to connect to rich-media systems, allow great flexibility in a wide variety of medium-sized room applications.

Converge 590

- Superior audio performance
- Rich media ready
- Ease of use and installation
- Flexibility

RAV Ware
Configuration software

- Simple drag and drop interface
- AV object database

Table 1

The Chat 50 is a mobile audio peripheral that connects to a variety of devices and provides crystal-clear, hands-free audio communications. The Chat 50 also delivers rich audio playback for music, gaming and other sound files.

Chat 50

- Crisp, clear audio
- Multiple uses
    - » Laptops & PC's, telephones, cell phones, desktop video conferencing, iPods & MP3 players
- Hands-free comfort
- Convenience
- Multiple accessories
    - » Cell phone cable
    - » Cisco cable - for 7900 series phones
    - » Avaya cable - for 2400 and 4600 series phones
    - » MP3 cable
    - » Travel case

Table 2

The MAX family delivers unprecedented expansion capabilities. Instead of only providing expansion microphones, MAX offers multiple linked phones, each with microphones, loudspeakers, and controls for outstanding full-room coverage. No matter where participants are seated, conversations are natural and effortless. Another innovation first from ClearOne.

MAXAttach™

- Easy set up and operation
- Advanced ClearOne audio processing technologies deliver pristine audio quality
- Daisy-chain up to 4 phones

MAXAttach™ Wireless

- Easy setup and operation
- 150-foot signal range
- 12-hour battery life
- Advanced ClearOne audio processing technologies deliver pristine audio quality
- 64-bit encrypted communication

Table 3

The Chat 150 connects to telephones, PCs, and video conferencing systems for rich, full-duplex audio communications. It provides speaker phone capability that is far superior to the built-in options on these devices. A perfect addition to the office or conference room.

Chat 150 Avaya	• No need to pull additional lines - just plug into the phone and begin using • Compatibility with Avaya 2400, 4600, and 9600 series phone models
Chat 150 Cisco	• No need to pull additional lines - just plug into the phone and begin using • Compatibility with Cisco 7940, 7960, and 7970 phone models

Chat 150 USB	• Connects to laptops and PCs — for use with:
	  » VoIP softphones, such as Avaya, Cisco, Nortel
	  » Internet telephones, such as Skype or Vonage
	  » Web conferencing applications, such as LiveMeeting, Sametime, and WebEx. Instant messaging with audio chat
	  » Audio playback with media players, such as QuickTime, RealPlayer, Windows Media Player

Chat 150 VC	• Connects to video conferencing systems for rich, full-duplex audio communications • Superior microphone pickup and echo cancellation • A perfect addition to multimedia conference rooms for greatly enhanced collaboration

ClearOne Furniture

A great piece of conferencing furniture should not only make it easier and more convenient to conference, it should transform your system into the showcase of your meeting room. Each piece in our furniture collection is designed to be highly durable and functional while also providing the style and elegance you need for even the most sophisticated settings.

Titan Dual Plasma

- Easy to transport from room to room
- Includes a set-top codec shelf and a center PTZ camera mount
- 9-space rack
- Built to handle rigorous use

Highboy AV Cart

- Perfect for front of the room applications
- Full 42" height
- Fixed peripheral shelf
- Over 26" of interior cabinet height
- 23" depth
- Easily accommodates rack-mounted equipment

38" Monitor Cart

- Superior strength
- Ease of movement from room to room
- 22" of depth in the interior cabinet
