CONFERENCE PHONE SETUP

To Connect MAXAttach™

1. Connect the Cat. 5 cable from the Link Out jack on the base unit to the Link In jack on the conferencing pod.

2. Connect the base unit to the telephone jack using the RJ-11 telephone cable.
3. Plug the the base unit directly* into a wall-mounted electrical outlet.

* International models of the MAXAttach base unit do not plug directly into the electrical outlet. A separate power supply cord is included.

To Connect Additional Units

1. Connect the 12' Cat. 5 cable to the Link Out jack on the first phone and the Link In jack on the second phone.
2. Continue linking additional MAXAttach phones in the same fashion. A total of four conferencing pods (one MAXAttach and two MAX Expansion kits) may be connected.
