You're Virtually ThereSM

Consider this a preemptive strike
against the status quo.

Introducing the ClearOne MaxTM Family — featuring the Max Wireless and Max EX — the first and only conferencing phones to deliver superior audio at tabletop prices. The truly innovative, first-of-its-kind Max Wireless provides unmatched quality, security and range. And the Max EX gives users greater control over their conferencing environment, offering complete microphone and loudspeaker coverage and easy access to dialing, mute and volume controls.
