

WHY CHOOSE CLEARONE® WIRELESS CONFERENCE PHONES?

- Conference where you want
- Turn any room within 150 feet of the base unit into a conference room
- Clean look — no cables on the table or floor

ClearOne®

WHEN TO RECOMMEND CLEARONE® WIRELESS CONFERENCING

Interact naturally – without bothersome cables in your way. With the industry's first single-phone and dual-phone wireless conferencing systems, ClearOne's wireless products deliver rich, full-duplex audio anywhere within 150 feet of the base unit, turning any room into a conference room and eliminating wire clutter.

MAX Wireless

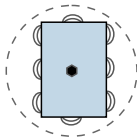

- Small conference rooms — up to 8 people
- Executive offices
- Home offices
- Rooms without phone lines and within 150 feet of base unit

MAXAttach™ Wireless

- Medium sized conference rooms
- Rooms without phone lines and within 150 feet of base unit
