

SOME PEOPLE SEE
A BREAK ROOM.
WE SEE AN INSTANT
CONFERENCE ROOM.

ClearOne MAX Wireless gives you a clean break. From phone cords, that is.

As a preferred provider of ClearOne MAX products, we give you real teleconferencing flexibility. For example, we have MAX Wireless, the industry's first wireless conference phone that allows you to cut free from the cord and teleconference anywhere that's within 150 feet of the base station—inside, outside, warehouse, office, and, yes, even the break room.

Call Dealer Name at XXX-XXX-XXXX or visit www.dealerwebpage.com/clearone and find out what it's like to really connect.
