Ultralight™, is USA manufactured from a high temperature resistant, high impact, non conductive, engineered space-age material. This safer, UL listed product is maintenance free—will not dent, scratch or rust and comes with a lifetime guarantee\*. Lamp life is extended because of the natural cooling ventilation which is inherent in the design of the Ultralight™.

It is stronger, lighter and simply superior to the traditional steel or aluminum par cans. Just as important, they are used in all the same applications. In fact, the lighter weight makes it easier to use (the PF2 weighs only 1½ pounds, and the PF3 weighs only 3 pounds).

Ultralight™ is available in a stand alone fixture (PF2 or PF3) or in a light kit (LK2 or LK3) which includes 150W spot or flood lamp and four of the most popular color gels.

**Ultralight™ PF2 Features:**

- Par 38 Lighting Fixture
- Weight: 1.5 lbs. Without lamp
- Created from space age materials—stronger, lighter and superior to steel or aluminum
- Maintenance free
- Will not dent, scratch or rust
- Safer
- UL listed (available)
- Complete with cordset and gel frame.
- Screw-in ceramic base will accept a 150 or 300 watt lamp.
- Available as stand alone fixture or in a light kit ( LK2 ) with 150 watt spot or flood lamp and 4 assorted gels
- Ships four to a carton with significant savings in freight charges.
- Lifetime warranty\*

**Ultralight™ PF3 Features:**

- Par 64 Lighting Fixture
- Weight: 3 lbs. Without lamp
- Created from space age materials—stronger, lighter and superior to steel or aluminum
- Maintenance free
- Will not dent, scratch or rust
- Safer
- UL listed for damp location up to 500 watts (available)
- Complete with 1 meter wire leads, (detached power plug) and gel frame
- Accepts Par 56 or Par 64 lamps (300W, 500W or 1000W)
- Available as stand alone fixture or in a light kit (LK3) with a 300 watt spot or flood lamp and 4 assorted gels
- Ships four to a carton with significant savings in freight charges.
- Lifetime warranty\*

\*Lifetime Warranty: ETA will replace the product (except for the cordset and ceramic) IF THE UNIT FAILS FOR ANY REASON, for a recycling fee of 25% of the current "manufacturer's suggested retail price", at any time during the original owner's lifetime.
