

Elite SCREENS

Fixed Frame Screen

Elite Ez-Frame Series

User's Guide

MATTE WHITE & HIGH CONTRAST GRAY

ASSEMBLING

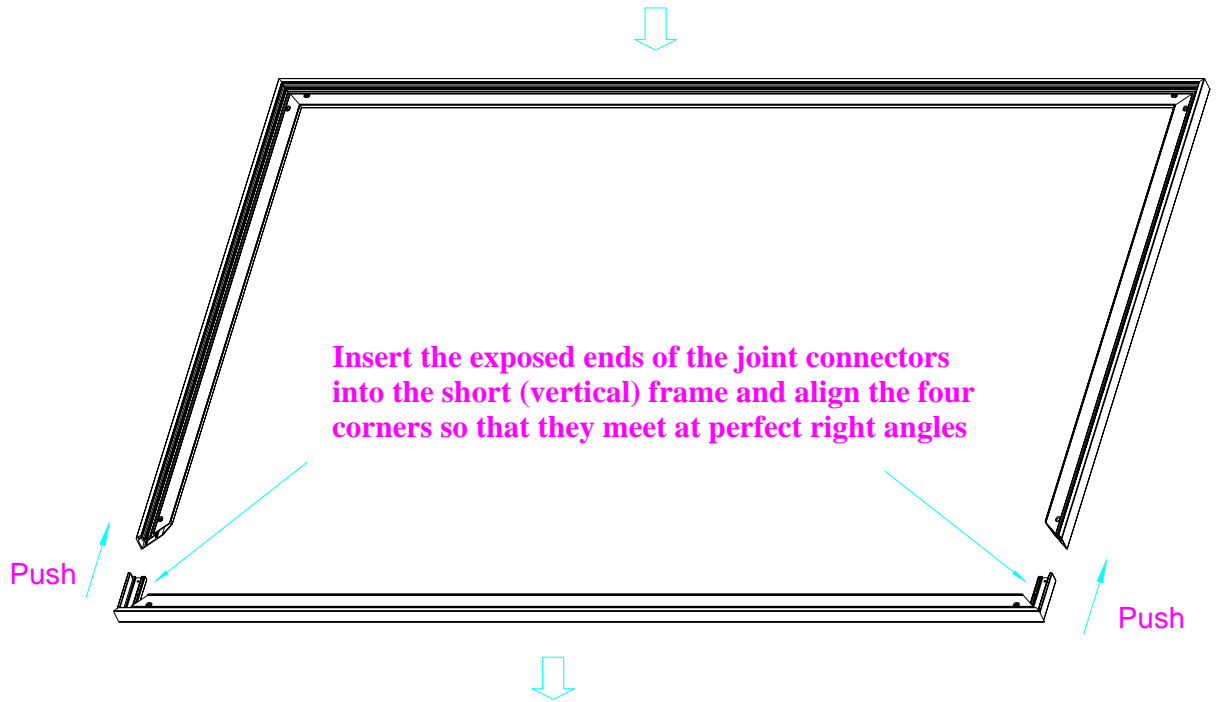

1. Insert both corner joint connectors into the long (horizontal) frame (see fig.1)

(fig.1)

2. Join all four frame parts together following the steps showed below. (fig.2)

(fig.2)

3. After making sure that all four corners join at right angles to form a perfect rectangle, fasten the four angles together by using the (x8) joint screws included. (see fig.3)

(fig.3)

4. Lay out the screen and tension rods on a clean and dry surface. Pass the screen tension rods through the sleeves according to their corresponding lengths on each edge of the screen as seen below. (see fig.4)

(fig.4)

5. Slip the screen tension rods into the grooves running along each side on the back of the frame. Clip on the fix plates to the back of the frame to secure the rods into place forming a tight and flat surface(see fig5 & fig6)

(fig.5)

(fig.6) *Note: Numbers 1-8 indicate the recommended order that you should attach your fix plates.

Attaching Fix Plates

1. Start at the left side working toward the right and then from top to bottom of the frame attaching the screen material. Start securing the fix plates at the center of each side working outward (fig.6)
2. Some people prefer to use an alternate method in attaching the fix plates. Start on the left side and then match the opposing sides fix plate piece by piece instead of doing one entire side at a time.

INSTALLATION

Method 1 (smaller than 135" diagonals)

(fig.7)

Method 2 (larger than 135" diagonals)

Position the screen with the attached surface onto the top wall bracket as shown in (fig.8). Push down at the center of the bottom frame rail to hook onto the lower wall bracket

CAUTION

Please follow these instructions carefully to ensure proper maintenance and safety with your EZ-Frame Screen

1. When hanging the screen up, please make sure that no other objects such as power switches, outlets, furniture, ladders, windows, etc. occupy the space designated for your Fixed-Frame screen.
2. Regardless if the screen is hung on or installed into the wall, make sure that the proper mounting anchors are used and that the weight is supported appropriately by a strong and structurally sound surface just as any large and heavy picture frame should. (Please consult a home improvements specialist for the best advice on installation)
3. Frame parts are made of high quality velour-surfaced aluminum and should be handled with care.
4. When not in use, cover over the screen with a furniture sheet to protect it from dirt, grime, paint or any other impurities.
5. When cleaning, use a damp soft cloth with warm water to remove any marks on the frame or screen surface.
6. Never attempt to use any solutions, chemicals or abrasive cleaners on the screen surface.
7. In order to avoid damaging the screen, avoid touching it directly with your fingers, tools or any other sharp or abrasive objects.
8. Spare Parts should be placed out of reach for small children's in accordance with household safety guidelines.

Components List

1. Frame Part	4 pcs (2 long edges + 2 short edges)
