GENETNER

00027038

January 22, 2001

Dear Gentner Dealers:

Through our ongoing Quality Assurance we discovered a number of Gentner Digital-1's with serial numbers ranging from 3401-3500 and 3601-3800 that displayed a high frequency tone. This was not apparent in all receivers, but we believe there is a chance that you may have received some in your recent shipment. Please check your shipment and if any of your Digital-1's are displaying this tone, we will be happy to exchange them.

If you have any questions, please do not hesitate to call me at 800/945-7730.

Regards,

Misty Longwell
Technical Sales Manager
