

IGTray Rack Mounting Instructions

Sep 2006

Installation Instructions

1. Unpack IG Rack Mount Tray from shipping package and place on work surface

2. Unscrew the equipment from front of the IG Rack Mount Tray
3. Remove the rack clips from IG Rack Mount Tray

4. Unbolt the internal tray from side of the IG Rack Mount Tray

5. Remove the connection panel and brackets from rear of IG Rack Mount Tray—No need to disconnect cables

6. Using rack screws, mount the IG Rack Mount Tray into the rack

Note: This will be done by passing the screws through the power strip and audio equipment and into the rack pinching the IG Rack Mount Tray

Caution: This requires two people or the computer needs to be removed

7. Reconnect the Panel and internal tray

8. Connect external devices to Panel—See diagram below

Attach USB for Wireless Keyboard and Mouse
