

HM-DT100U

Digital VHS VCR with HDTV tuner

JVC

Description

Now you can enjoy the convenience of recording your favorite digital broadcasts (where terrestrial broadcasting is available) thanks to the built-in ATSC tuner. Connect to the latest HDTV or high resolution projector using the HDMI™ (High Definition Multimedia Interface). The DT100 enables full enjoyment of prerecorded D-Theater movies, and keeps you in touch with the analog video library you've built over the years. So go beyond video. Experience High Definition Video for the age of HDTV.
