When Performance Matters.

High Quality & High Performance

● Hi-Fi VHS Stereo with MTS Decoder

Hi-Fi VHS's **broad dynamic range** delivers sound quality rivaling CDs for a **maximum-impact** home theater experience, while the **built-in MTS decoder** lets you record stereo and SAP TV broadcasts

● SQPB (S-VHS Quasi Playback)

Allows VHS VCR to **play back a tape recorded in Super VHS**, with regular VHS resolution. It is a convenient way to watch tapes recorded using an S-VHS deck or camcorder*

* This function does not deliver Super VHS resolution

● Auto Picture

The **Intelligent IC** automatically judges the quality of the tape and assesses the condition of the video heads, optimizing and **maintaining playback performance for the lifetime of the VCR**

● Picture Control

Lets you choose from 4 different settings to **best match the material you are viewing**

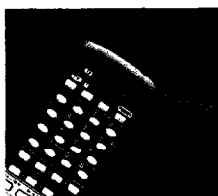

- AUTO** Provides optimized picture benefits of Auto Picture
- EDIT** Minimizes picture degradation during editing (recording and playback)
- SOFT** Reduces image coarseness when viewing overplayed tapes containing a lot of noise
- SHARP** Clearer, sharper-edged picture when viewing images with lots of flat, same-colored surfaces such as cartoons

- **Pro-cision 19µ Heads** reduce crosstalk and improve EP playback picture
- **VHS Digital Live Circuitry** ● **HQ Circuits** (WCL, DE, YNR)
- **Digital AV Tracking** ● **PLL Frequency-Synthesized 181-Channel Tuner**

Easy Installation & Operation

● VCR Plus+ Instant Timer Programming

Just punch in the PlusCode™ numbers found in most TV listings — this not only **programs the timer** automatically, but also lets you **set VCR Plus+ guide channels "on-the-fly"**, so you **won't have to go through a lengthy set-up process** to enjoy the benefits of this instant programming system
