## High Quality Picture Features

- **High Resolution Widescreen (1366 x 768) W-XGA LCD Display** – provides high brightness, wide viewing angle, and a flicker-free high resolution widescreen picture
- **3D Y/C Comb Filter** – this digital comb filter employs 10bit A/D converters to enhance Y/C output thereby drastically reducing dot crawl and other cross color interference that can occur from ordinary frame sampling
- **Natural Cinema (3-2 Pull Down)** – JVC's Natural Cinema employs 3-2 Pull Down technology to drastically reduce the jagged edges that normally occur when film is converted to video
- **A Full Complement of Standard Features** – includes a slim cabinet design, 4 Selectable Aspect Modes, a Universal Remote Control, Standard/Dynamic/Theater Video Status Modes, Hyper Scan High Speed Channel Surfing, Return+, Sleep Timer, Front Panel Lock, Noise Muting, and more
- **Multi-Language Menus** – choose from English, French, or Spanish for your on-screen menu system display

## Sound Features

- **Exclusive Sound Package** – Sound features include 10 Watts Total Audio Power and JVC's exclusive Hyper Surround Sound which employs virtual speakers to create a surround sound effect without the need for rear speakers

## Notes & Disclaimers

- Specifications are tentative and subject to change without notice.
- Accepts 1080i, 720p, 480p, and 480i signals and displays at 768p.
