

XL-R5000BK

CD-Recorder/Duplicator

JVC

Description

JVC makes it possible for you to record your own CD's with the XL-R5000BK. It's a full-function digital recording studio packed into a single component with a three-disc, triple-tray CD changer and a companion CD-R/CDR-W recorder. It is possible to mix between the CD & Line, Line & Mic or Mic & CD. A timer is available for unattended playback or recording and a full-function remote is also included.
