Cordless PrepScope

T-1200C Series

This compact microscope is designed with optical quality and ruggedness to withstand student use. We have added a vented cooling system to the microscope allowing cool operation. The No-Slip guarantee ensures the stage will not slip or drift during normal use. The Cordless PrepScope offers ease of use and provides solutions for classrooms with a lack of electrical outlets. It is also great for use in your outdoor lab.

NEW Features

- Enormous New Eyepiece
- Improved Battery Replacement
- Reverse Nose Piece
