CoreScope

T-1700 Series

Ken-A-Vision re-introduces the CoreScope with some new and improved features. This compact design microscope now comes with a multi directional round floating stage and separate coarse and fine focusing knobs which makes it easier for the student to use. The CoreScope is offered with a monocular and dual opposing head options.

NEW Features

- Enormous New Eyepiece
- Reverse Nose Piece
- Black Objectives
- Separate Coarse and Fine Focusing Knobs
- Multi Directional Floating Stage

Additional Features and Benefits

- Prism Head
 - 360° Rotating Head
 - Retractable 40x lens
 - Slip Clutch
 - High density plastic covered base
- No mirror
 - View images from either side without moving scope
 - Protects slides
 - Prevents damage to focusing mechanism
 - Protects the metal base from chipping
