Research Scope

T-2701

Performance and comfort make this a leading choice in education, laboratories and universities. Ergonomic design, rugged construction and simple operating procedures make this microscope the microscope of choice. The T-2701 is value-priced with high quality optics. The optional Trinocular head is great for upper level courses.

Additional Features and Benefits

- **10x WF Eyepiece** Extra wide 19mm eyepiece
- **Dual Diopter** Individual adjustment for each eye
- **Seidentopf Binocular** Interpupilar adjustment has no effect on magnification
- **30° Inclined Head** Provides comfortable viewing angle
- **Reversed Nose piece** Allows greater stage working area
- **Low position coaxial mechanical stage** Ergonomically designed for ease in positioning your microscope slide.
- **Coaxial Coarse & Fine focal adjustment** Longer lasting all metal construction
- **Tension Adjustment** Easily accessible stage drift control
- **Unique Base** Designed to fit microscope cabinets
