

Visionary Learning Tools

Ken-A-Vision's Professor Microscope provides a new vision of science for children of all ages.

The Professor provides high-quality glass optics and a cool light source equal to a 10-watt bulb in a safe, rugged package.

KNOWLEDGE THROUGH VISION

Visualize a Small World

The Professor Microscope is a cost effective solution for younger students as well as the science hobbyist.

- 300 hours of operation using 3 AA batteries (included)
- 10-watt light source
- Glass Optics
- Box of 5 Prepared and 5 Blank Safety Plastic Slides
- 1 Year Warranty

Energize the Classroom

The Professor is available as a single unit or in packs of 10. When a 10-pack is purchased, a set of colorful stickers is included to help organize and manage the classroom. A carry bag that will hold 10 Professor Microscopes and other visionary supplies is available for purchase.
