KNOWLEDGE THROUGH VISION

The Professor

ESH100 & ESH110

The Professor Microscope by Ken-A-Vision has opened up the world of science for children of all ages. The high impact plastic body and the uniquely designed non-removable parts on the Professor, makes it a durable and safe learning tool. The eyepiece is set at 45° making it easier for students to access. This microscope is a cost-effective solution for the young student and the science hobbyist.

Stickers are included with ESH-110
