

# 1:3 Mini Audio Distributor

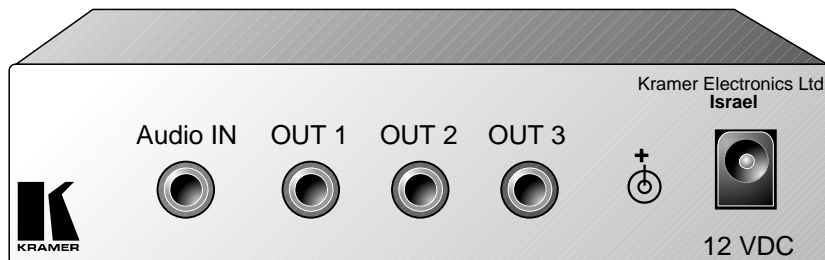

# VM-3AB

The KRAMER **VM-3AB** is a high quality, state-of-the art *1:3 Stereo-Audio Distribution Amplifier* designed for studio and other demanding applications. The **VM-3AB** splits a single input source into three identical outputs with no discernible signal degradation. As a result of accurate channel balance the **VM-3AB** can be used as a 1:3 Stereo Audio DA as well as a 1:3 Balanced Mono DA, using the right and left channels as the + and - channels of a balanced signal. The **VM-3AB** receives external 12V DC, and is housed in a very compact enclosure, making it ideal for field use.
