

General Operating Conditions of Kramer Products

1. Operating temperature range: +5 to +45 Deg. Centigrade.
2. Operating humidity range: 5 to 65 % RHL, Non-condensing.
3. Storage temperature range: -20 to +70 Deg. Centigrade.
4. Storage humidity range: 5 to 95% RHL, Non-condensing.
5. Operating voltages: DC operated equipment: 12VDC, current Limited source.
AC operated equipment: 230VAC / 50 Hz or 115 VAC / 60 Hz

Compliance (where stated):

6. Class I (IEC 950) Safety requirements.
7. 7.1 EN 50081-1
Electromagnetic compatibility, generic emission standard. Part 1.
- 7.2 EN 50082-1
Electromagnetic compatibility, generic immunity standard. Part 1.
- 7.3 FCC part 15, subpart B.
