

AVM02

PROFESSIONAL AUDIO/VIDEO MIXER WITH EFFECTS

TAKE CONTROL OF YOUR VIDEO OUTPUT. Designed for mobile DJs and club installations, Numark's AVM02 Audio/Video Mixer with multiple simultaneous effects options is optimized for live performance.

The AVM02 offers separate, replaceable DJ crossfaders for audio and video with linked mode operation and slope control, Chroma Key (blue screen) and Luma Key (black screen) capability for superimposing images. It also features numerous fades and wipe patterns, gives picture-in-picture (PIP) capability, and boasts two full video effects sections.

The AVM02 also incorporates joystick control for wipes and picture-in-picture operations and provides ten background color options. With seven stereo inputs and two mic inputs, you'll have options than you ever thought you could, all at your command.
