- _Anti-Shock™ buffer
- _Key lock at any tempo up to ±100% with key change
- _Built in Beatkeeper™ with auto-synchronization of effects, loops, other units and midi devices
- _Save 3,000 cue points in memory with multiple sets per CD
- _± 6, 12, 25 and 100% pitch control
- _MIDI IN/OUT,
- _Digital output
- _Fader/remote start & relay
- _Sleep mode to save laser life
- _User upgradeable through internet downloads

PHX1 HEADPHONES

- _Dual-cup foldable design
- _50mm neodymium magnet high-output drivers
- _Isolating, closed-ear design
- _Two styles of interchangeable ear pads: soft velour and durable leather
- _Three types of cables that fasten with metal threading: short, long, and coiled
- _Rubber/silicone casing for soft-touch adjustment and a secure fit when resting between ear and shoulder while cueing
- _1/4" and 1/8" right angle connectors for low profile mixer connection
- _Premium hard carrying case with extra room for cartridges

TT500 STRAIGHT ARM TURNTABLE

- _Direct drive ultra-high torque motor (+4.5 kg/cm peak)
- _Patent-pending interchangeable tone arm system (includes both straight and S-shaped tone arms)
- _Battle and club style design
- _Powder coated steel top, rubberized base
- _Anti-drag aluminum platter reduces excess rotating friction
- _User-replaceable pitch fader
- _Removable aluminum target light with super-bright white LED
- _Ultra-precise aluminum tone arm with cue, height and anti-skate adjustments
- _±8, 10, 20 and 50% selectable pitch ranges
- _33, 45, and 78 RPM reverse
- _Detachable power and audio connections

TT1600MKII STRAIGHT ARM TURNTABLE

- _Battle and club style design with dual stop/start controls
- _Aluminum platter
- _Efficient belt drive motor
- _Aluminum straight arm for superior tracking ability
- _Pre-mounted Groove Tool cartridge included
- _Slipmat included
- _33 and 45 RPM
- _±10% pitch range
- _Removable target light available separately

5000FX TABLETOP EFFECTS MIXER

- _12" tabletop effects mixer
- _5 channels in with 3 phono, 9 line (3 switchable to phono), 2 mic
- _Master balanced, unbalanced, 2 zone, 1 SPDIF output
- _Beatkeeper(TM) to auto-detect BPM from 2 sources
- _BPM alignment of effects and loops
- _Effects processor with interactive scratch/effect/pitch wheel
- _Effects include: scratching, sonar, chop, echo, and delay
- _Filter with vocal kill, pitch/key shift, distort with vocoder
- _18 seconds audio buffering for scratching and reverse audio with bleep effect
- _30 seconds high-quality sampling with smart looping and BPM synchronization

DM1002MKII SCRATCH MIXER

- _Inputs for 2 line, 2 switchable phono/line, 1 mic
- _Steep EQ and gain on channels
- _Frequency kill switches for bass, mid, and treble
- _Replaceable crossfader with reverse and slope control
- _Master and PFL metering
- _Slider style cueing with tone control on headphone output
- _2 transform buttons
- _Tone EQ control on microphone input
- _Master and record outputs

200FX VOCAL EFFECTS MIXER

- _4 channels plus DJ mic control
- _16 professional digital effects, powered by Alesis
