

Numark® NEW PRODUCT GUIDE WINTER 2004

HDCD1 DUAL CD PLAYER WITH 40 GIG HD

Numark's HDCD1 is the world's first Hard Drive / CD / MP3 solution for the professional DJ. Store your entire DJ collection on the HDCD1's huge internal hard drive. Rip MP3s from either of the built-in CD players, transfer audio files from your computer over USB, and even record vinyl directly through the analog line inputs. Two jumbo displays with navigation controls let you quickly create playlists and search for songs by title, artist, album, or genre. The HDCD1 is complete with advanced features like pitch, instant start, relay start, and seamless looping. All this breakthrough power comes in a rugged, rack-mountable package that will make traveling to your next gig an enlightened experience. Providing unprecedented convenience, control, and flexibility, the HDCD1 proves that there is strength in unity.
