

Numark

PHX headphones Product Overview

Product Description

PHX premium headphones incorporate an isolating, closed-ear design with 50mm neodymium magnet drivers for very high output. PHX comes with two styles of interchangeable ear pads and three types of cables.

A special two-part ear cup design incorporates a rubber/silicone casing for a comfortable and secure fit when resting between ear and shoulder while cueing. PHX headphones are also foldable and come in a premium hard carrying case.

Positioning

The new standard in pro DJ headphone technology, providing the cleanest, loudest sound, and the most versatile and durable performance

Applications

Club and mobile DJ headphone monitoring
