

CDN35

DUAL RACK MOUNTABLE CD PLAYER

UPGRADE YOUR CD PERFORMANCE CAPABILITY WITHOUT PAYING THE PRICE. The Numark CDN35 professional dual CD player—featuring a club-tested design which expands the attributes and functionality of the popular Numark CDN30—is manufactured to meet the needs which mobile or club DJs encounter on a nightly basis.

With Anti-Shock skip protection and true buffered instant start, it boasts professional-level features such as 3 hot stutter starts, a built-in BPM counter and seamless looping. The CDN35 also has S/PDIF digital output, a sleep mode to save laser life, and is CD-R compatible. All this and an incredible price make the CDN35 another strong addition to Numark's revered dual CD player line.
