

RACKMOUNT CD PLAYERS

CDN36

DUAL RACK MOUNTABLE CD PLAYER

SEE THE NUMARK DIFFERENCE. An affordable, multi-faceted, rack-mountable dual CD player with features you'd expect on a more expensive unit, the Numark CDN36 boasts rugged construction that will withstand years of nightly use. Its large, back-lit controls make this ideal for DJing in even the darkest clubs situations.

In-demand effects and features like reverse play, scratching, and seamless looping (with stuttering), as well as Anti-Shock™ buffer memory, true buffered instant start and ± 8 or 16% pitch control, give you all the tools you need to perfect your digital mixing.
