

MASS STORAGE PLAYERS

iCDX

PROFESSIONAL DIGITAL AUDIO PLAYER AND SOFTWARE CONTROLLER

PLAY MULTIPLE FORMATS AND CONTROL MULTIPLE DEVICES, SEAMLESSLY, INCLUDING THE APPLE iPod®. The iCDX lets you access, manipulate and play all of your media from one powerful controller. With its built-in CD/Data DVD drive and USB ports for connecting external devices such as a USB flash drive, hard drives, the iCDX provides a seemingly infinite amount of song selection.

The iCDX is the perfect interface to use with a wide variety of popular DJ software packages, like CUE and Serato Scratch. Utilizing an ultrafast HID interface, controlling your computer has never been more powerful.

With its power and control, the iCDX is revolutionizing the industry as a media player and computer controller.

FEATURES

- USB connectivity allows access to USB flash drives and most MP3 players (Mass storage class FAT, HFS+ file formats only)
- External controller for compatible software, including CUE and Serato
- Large, touch-sensitive scratch wheel manipulates all media, not just CD, with 7 customizable settings
- Multi-function push knobs for selection of effect parameters, folders and songs
- Multi-function, backlit LCD screen displays BPM, CD text, MP3 ID tags, and file names
- 6 assignable buttons for seamless loops, samples, or hot cues
- Real time adjustable loop creates seamless mixes on the fly
- Integrated, beat-synced DSP effects include chop, echo, filter, flanger, panning and phaser
- Intuitive, dedicated Wet/Dry effects fader
- Choose and fade to new track without a second player
- +/- 100% pitch range with full-range key lock
- Illuminated slot-load drive reads CDs/MP3 CDs/DATA DVDs
- Navigate through folders on MP3 drives and discs
