- > 3:2 Pull Down
- > 3D Comb Filter
- > True De-Interlacing

Olevia 3 Series

The Olevia 3 Series HD-Ready LCD TVs, engineered to provide best-in-class video and audio, will impress even the toughest critics. Powered by PixelWorks™ DNX™ Digital Natural Expression video processor technology, the Olevia 3 Series LCD TVs display stunningly crisp, rich and vibrant images with superior clarity for viewing high definition digital programs, standard analog TV channels, videos or games. With high contrast ratios and fast response times, rapid-action viewing such as sporting events or adventure films truly comes alive. With a super-wide 178-degree viewing angle, images look spectacular wherever you are seated. These LCD TVs are perfect for home or office viewing and can double as a computer display with support for TV resolutions up to 1080i, and PC resolutions up to 1360 x 768 through HDMI and VGA. To further enhance your experience, Olevia's surround sound audio processor creates an awesome listening environment while watching TV, movies or playing games. Once you see the new Olevia, you'll agree that you've never seen high definition TV like this!

The Olevia 3 Series offers several cool technology features:

User Friendly On-Screen Display (OSD)

No hard to understand menus here! Olevia's new pictorial-based on-screen display menus are user friendly and easy to understand—they teach you what the controls actually do. Simply select from a scrolling wheel of icons including preset video and lighting modes that account for the differences in home and store environments, and content such as high definition TV, standard definition TV, DVD movies or VCR tapes.

Firmware upgradeable via USB

Keep the firmware of your Olevia LCD TV up-to-date and protect your investment. By simply downloading available updates from our website through Olevia's USB port, you can obtain the latest new features, software updates and image quality improvements. This assures that your Olevia LCD TV will stay current with state-of-the-art video processing technology.

Big Picture Technology™

See what you've been missing! Watch more of the image on your Olevia TV with up to 37% more of analog images displayed and up to 11% more digital broadcast images without distortion from image expansion.

Director's Image™

View what the director intended you to see with precision colors and distortion free images. Olevia LCD TVs provide calibrated 6500K color and a full range of brightness, contrast, color, tint and sharpness and mode controls for recreating image quality as it was meant to be viewed.

HDMI with High Definition Content Protection

Olevia LCD TVs include HDMI inputs, the preferred interface for HDTV, to provide the best in pure digital video quality.

OleviaCare™

We value long-term customer relationships. To best serve consumers of Olevia LCD TVs, we provide live, in-house technical support and customer support and a rich express exchange warranty service plan.
