

THE RTA G242
GREY

HOME ENTERTAINMENT FURNITURE

THE RTA G202 & G242

STEEL AND GLASS ARCHITECTURE OF CLASSIC PROPORTION

RTA G202 - BLACK

Steel frames angled backwards and cascading glass shelves combine to produce exceptionally unobtrusive quality. The RTA G202 and G242 offer easy access to equipment with an open architecture design and incorporate cable management ports. The G242 is a two-shelf video table with a 40" wide top and adjustable height lower shelf.

Both units are finished in a durable satin powder coat finished in black or grey.
