MULTI-TEXTURED AUDIO/VIDEO DISPLAY SOLUTIONS

THE RTA G400 - CHERRY

With a combination of wood, glass, aluminum and steel the G400 and G436 blend easily into any setting. Polished edge, tempered glass shelving with wire management ports and designer casters accent the real wood legs and the extruded aluminum span for an eye-catching look. The G400 and G436 are offered in black, cherry or maple finish and are easy to assemble. The middle shelves are adjustable in height and the casters may be removed for a more permanent placement.
