

Which Flat Panel Wall Mount Should I Use?

Mount Types: **Fixed** - display mounts flat to wall for lowest profile. **Tilt** - display can tilt for best viewing angle. **ARM** (Articulating Retractable Mount) - display can tilt, swivel, pan, and fold flat to wall.

What is the screen size of your Display?

VESA Mount: Will bolt directly to VESA compliant displays. Non compliant displays will require an optional adaptor plate. Consult the OmniMount Flat Panel Reference Guide for more information.

Universal Mount: Can be attached directly to any display of the proper size. No optional adaptor plate is required.

Flat Panel Wall Mount Features

Small

17FM-F

- VESA Fixed Mount**
- VESA 75/100 compliant
 - Lift n' Lock mounting
 - .5" mounting depth
 - Accepts security screws
 - 40 lb. capacity

17FM-T

- VESA Tilt Mount**
- VESA 75/100 compliant
 - Tilt range: +15° to -5°
 - Can be inverted
 - 1.85" mounting depth (flat)
 - 40 lb. capacity

17FBHD-T

- Universal Tilt Mount**
- Tilt range: +15° to 0°
 - Mounting Template
 - Complete hardware package
 - Lift n' Lock mounting
 - 1.5" mounting depth (flat)
 - 40 lb. capacity

17ARM

- VESA ARM Mount**
- VESA 75/100 compliant
 - Single stud mounting
 - Folds flat to wall
 - 1.84" mounting depth (flat)
 - 30 lb. capacity

17ARMHD

- VESA ARM Mount**
- Premium Wishbone Cantilever
 - VESA 75/100 compliant
 - Cable management
 - Portrait/landscape viewing
 - Folds flat to wall
 - Single stud mounting
 - Installation template
 - Complete hardware package
 - 30 lb. capacity

Medium

37FM-F

- VESA Fixed Mount**
- VESA 75/100/200 compliant
 - Single stud mounting
 - Stud offset mounting
 - Lift n' Lock mounting
 - .77" mounting depth
 - Accepts security screws
 - 175 lb. capacity

37FB-F

- Universal Fixed Mount**
- Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Lift n' Lock mounting
 - 1.6" mounting depth
 - Security hardware
 - Lockable security bar
 - 80 lb. capacity

37FBHD-F

- Universal Fixed Mount**
- Single or double stud mounting
 - Installation template
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Lift n' Lock mounting
 - 2.25" mounting depth (flat)
 - Accepts padlock
 - 80 lb. capacity

37FB-T

- Universal Tilt Mount**
- Tilt range: +15° to -5°
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Lift n' Lock mounting
 - 1.6" mounting depth
 - Security hardware
 - Lockable security bar
 - 80 lb. capacity

37FBHD-T

- Universal Fixed Mount**
- Tilt range: +15° to -5°
 - Single or double stud mounting
 - Installation template
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Lift n' Lock mounting
 - 2.25" mounting depth (flat)
 - Accepts padlock
 - 80 lb. capacity

37ARM

- VESA ARM Mount**
- VESA 75/100/200 compliant
 - Single stud mounting
 - Folds flat to wall
 - 3.5" mounting depth (flat)
 - 80 lb. capacity

37ARMHD

- VESA Premium ARM Mount**
- VESA 100/200 compliant
 - Cable management
 - Portrait/landscape viewing
 - Folds flat to wall
 - Single stud mounting
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Installation template
 - 80 lb. capacity

Large

54FB-F

- Universal Fixed Mount**
- Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Lift n' Lock mounting
 - 1.75" mounting depth
 - Security hardware
 - Lockable security bar
 - 80 lb. capacity

54FBHD-F

- Universal Fixed Mount**
- Double stud/masonry mounting
 - Installation template
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Lift n' Lock mounting
 - 2.4" mounting depth
 - Accepts padlock
 - 200 lb. capacity

54FB-T

- Universal Tilt Mount**
- Tilt range: +15° to -5°
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Lift n' Lock mounting
 - 2.7" mounting depth
 - Security hardware
 - Lockable security bar
 - 80 lb. capacity

48ARM

- ARM Mount**
- Fits screens up to 50"
 - Requires adaptor
 - Folds flat to wall
 - Double stud/masonry mounting
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Lift n' Lock mounting
 - 4.4" mounting depth (flat)
 - 125 lb. capacity

48ARMUA

- Universal ARM Mount**
- Fits screens up to 50"
 - Folds flat to wall
 - Double stud/masonry mounting
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Lift n' Lock mounting
 - 4.4" mounting depth (flat)
 - 125 lb. capacity

54HDARM

- VESA Premium ARM Mount**
- VESA 100/200 compliant
 - Cable management
 - Portrait/landscape viewing
 - Folds flat to wall
 - Double stud/masonry mounting
 - Installation template
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Lift n' Lock mounting
 - 125 lb. capacity

54HDARMUA

- Universal Premium ARM Mount**
- 48UCA-A universal adaptor
 - VESA 100/200 compliant
 - Cable management
 - Folds flat to wall
 - Double stud/masonry mounting
 - Installation template
 - Lift n' Lock mounting
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - 125 lb. capacity

X-Large

63FBHD-T

- Universal Tilt Mount**
- Tilt range: +15° to -5°
 - Double stud/masonry mounting
 - Installation template
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Extension kit
 - Lift n' Lock mounting
 - 2.9" mounting depth
 - Cable cover
 - Accepts padlock
 - 200 lb. capacity

63HDARM

- Premium ARM Mount**
- Requires adaptor
 - Double arm design
 - Cable management
 - Folds flat to wall
 - Double stud mounting
 - Masonry mounting
 - Installation template
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Accepts UM-1/UAL adaptors
 - 200 lb. capacity

63HDARMUA

- Universal Premium ARM Mount**
- 63UCA-A universal adaptor
 - Double arm design
 - Cable management
 - Folds flat to wall
 - Double stud mounting
 - Masonry mounting
 - Installation template
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - 200 lb. capacity

Accessories:

63RK-A

- Rail Kit - 54FB-F & 54FB-T**
- Includes 1 pair of rail extensions
 - Expands display capacity to 63"

63RK-A

- Rail Kit - 54FBHD-F**
- Includes 1 pair of rail extensions
 - Includes 4 rod extensions
 - Expands display capacity to 63"

48UCA-A

- Universal Adaptor - Medium**
- Fully assembled
 - Self-centering design
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Hardware covers
 - 200 lb. capacity

63UCA-A

- Universal Adaptor - Large**
- Fully assembled
 - Self-centering design
 - Large/X-large mounting rails
 - Complete hardware package
 - Hardware cross reference chart
 - Modular spacer system
 - Hardware covers
 - 200 lb. capacity
