# ShadowBox™ Series

ShadowBoxes mount neatly in the wall, offering little to no profile when mounting flat panels

- SB1 fits medium to large flat panels – works with the 37HDARM, 4N1-M and 37ARM

- SB2 fits large to xlarge flat panels – works with the 54HDARM, 54HDARMUA and 63HDARMUA

- Features slots for two single-gang j-boxes, to bring power and signal in separately

- Additional slot to accomodate Panamax and Furman surge protection and power conditioning solutions (sold separately)

- Powder coated in a white primer so you can match any color house paint

SB1 (shown with 4N1-M)

SB2 (shown with 63HDARMUA)
